What can you tell me about Dragan Lulić?

Searched 2 sources

Dragan is a **Senior SEO and AI search strategist** with eight years of experience driving growth across SaaS, e-commerce, and iGaming with a strong focus on AEO and GEO strategies. He works hands-on from audit to implementation, tracks brand visibility across LLMs and ties organic performance to revenue.

He has worked in both agency and in-house environments, supporting local and international teams across multiple markets. His work includes **leading SEO and content efforts**, supporting **site migrations and redesigns**, and partnering with product, engineering, and marketing to improve organic discovery and long-term performance.

He is known for **bringing clarity to complex problems** and **turning strategy into practical, actionable steps** that support long-term user acquisition and business growth.

- Cross-Functional Team Leadership

Where has he worked?

Here is his work experience, most recent first:

SEO/AEO Consultant at **IceWeb** — April 2025 - Present

Driving SEO, AEO, and GEO growth for US B2B and e-commerce clients by leading AI, technical, semantic, and backlink audits from analysis to implementation, alongside client strategy presentations. Optimizing product and collection pages for one e-commerce client tied search directly to revenue, generating $71K+ in revenue from AI search in the last 12 months (ChatGPT up 441% YoY) and reaching 1,000+ AI mentions and 500+ cited pages across ChatGPT, Google AI Overviews, and Gemini within a single year.

SEO and Organic Growth Consultant at **PeoplePerHour** — July 2020 - Present

Managed SEO projects for small businesses and site owners to improve organic visibility through focused SEO and growth-oriented audits, delivering clear, actionable recommendations. This approach drove consistent performance improvements and a perfect 5-star client satisfaction rating.

SEO Team Lead at **Gentoo Media**, promoted from SEO Manager — January 2023 - April 2025

Led SEO for a multilingual iGaming affiliate portfolio, managing and mentoring SEO specialists, writers, and freelancers across competitive markets, contributing to a 9x increase in organic performance in 15 months on one of the largest sites in the industry.

SaaS SEO Specialist at **Infobip** — July 2022 - January 2023

Played a key role in SEO during a major website redesign at a global B2B SaaS company, improving product discovery and organic user flow. These efforts contributed to a 50% increase in organic growth within four months.

SEO Specialist at **Smartpoint Adria** — April 2021 - July 2022

Owned SEO strategy and execution across multiple client accounts, driving growth through technical, on-page, link building & local SEO initiatives. Acted as a key point of contact, aligning priorities with client goals and coordinating with developers and content teams. Managed roadmaps and delivered consistent increases in traffic and keyword visibility across markets despite frequent algorithm updates.

SEO Consultant at **Kupakia** — November 2020 - August 2021

Collaborated with a Spain-based agency and Spanish-speaking clients on technical audits and on-page optimization. Delivered practical fixes and workflow improvements that increased traffic and improved overall site performance.

SEO Specialist at **Executive Digital**, promoted from Content Specialist and Content Manager — February 2019 - April 2021

Supported multiple client accounts across SEO and content, contributing to audits, on-page optimization, reporting, and content planning. Owned content coordination and cross-team alignment, ensuring SEO initiatives were executed effectively. Worked with internal teams to turn strategy into actionable deliverables, driving measurable improvements in organic performance.
